

REMARKS

Amendments

The present patent application claims priority to PCT patent application PCT/US04/12828 and US provisional patent application 60/464,868. The Specification has been amended to reference the international patent application and US priority document.

Reference to Government Contract

This invention was made with government support under U.S. Environmental Protection Agency Grant No. R827649-01. The government has certain rights in the invention."

Respectfully submitted,

By 

Bruce A. Johnson
